

Scheduled Future Projects

Project Number: **Not currently listed on TIP, but is on Winston-Salem's Municipal Planning Organization's needs list**

Project Name: **Winston-Salem Traffic Signal System Improvement Project**

Project Description: **Signal system modernization from copper communication wire to fiber optic or wireless systems, as appropriate. The project will integrate these systems to optimize traffic flow and reduce delays.**

WSDOT contact person and phone number: **Connie Curtis, P.E. Deputy Director of Transportation, City of Winston-Salem, Suite 307, Bryce A. Stuart Municipal Building, 100 E. First Street, Winston-Salem, NC 27101 Phone:(336)727-2708 Fax: (336)748-3370 conniec@cityofws.org**

Project Number: **U-2826B**

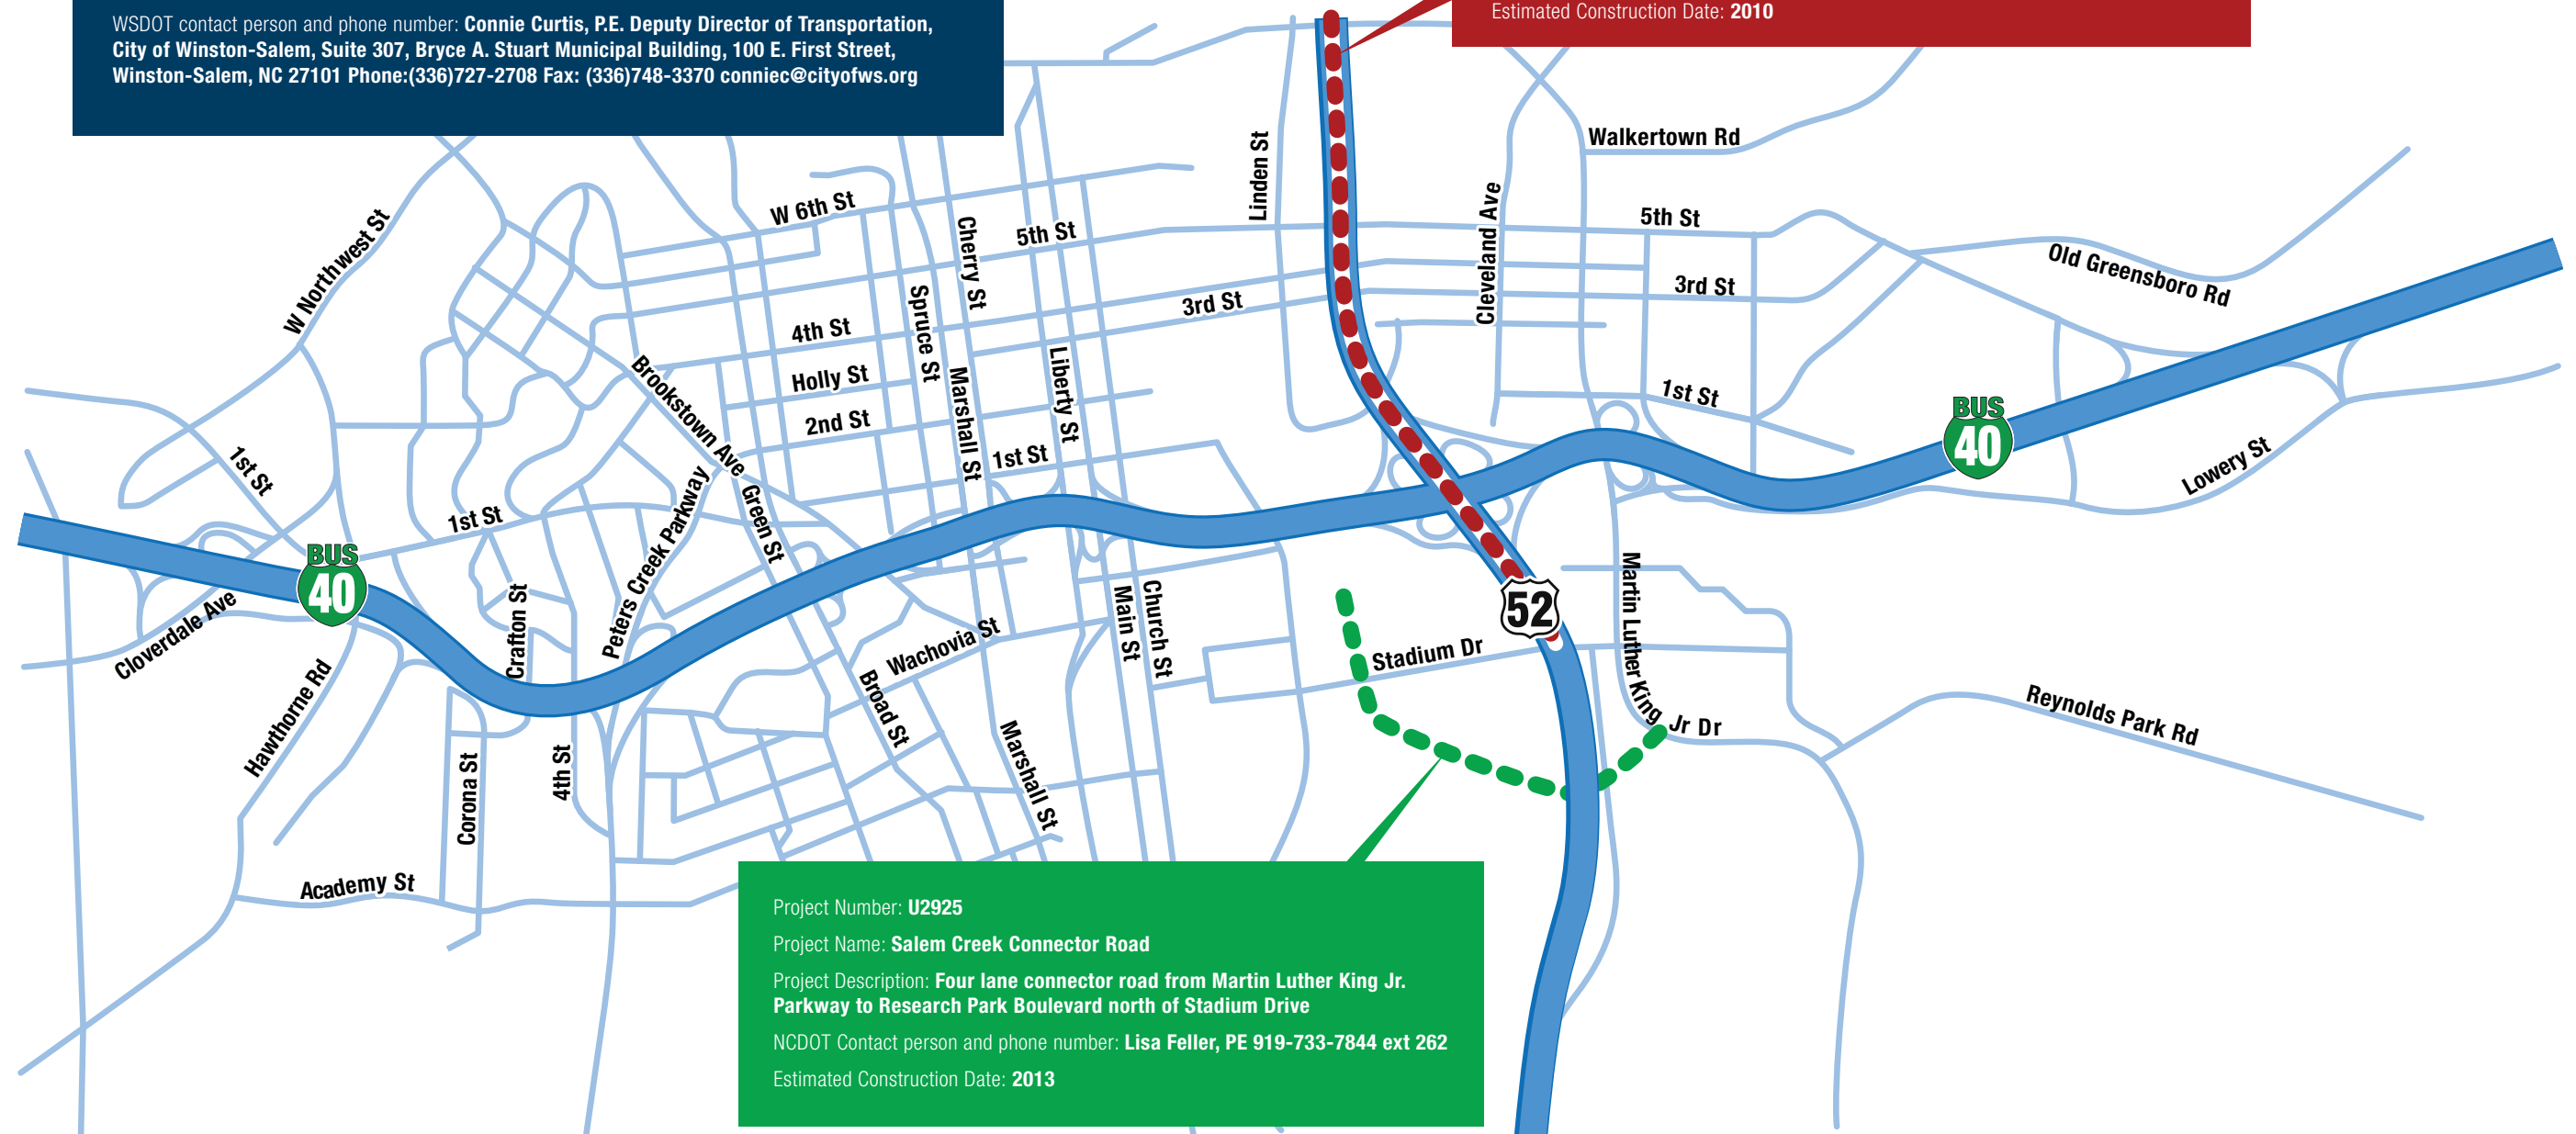

Project Name: **US 52 OPERATIONAL IMPROVEMENTS FROM I-40 BYPASS TO NC 65**

Project Description: **The combinations of the following proposed improvements are under consideration:**

- Using the current shoulders as travel lanes from I-40 Business/US 421 to Martin Luther King Jr. Drive (one additional lane in each direction),
- Closing Ramps along US 52 at Stadium Drive, Third Street and Fifth Street,
- Additions to the existing Intelligent Transportation System (traffic cameras, traffic signals, signage, and more).
